

Rider Code

KEEP YOUR FREEDOM BY RIDING IN A WAY
PEOPLE CAN TRUST.

Follow these simple
standards to be a safer
rider, build trust, and
keep e-bikes welcome in
your community.

1

Know My Ride

LEARN MY BIKE BEFORE I RIDE IT
AROUND PEOPLE.

I learn what my e-bike can do, including how it starts, stops, and handles, before I ride it near other people.

5

Ride Predictably

HELP PEOPLE KNOW WHAT
I'LL DO NEXT.

I signal early, ride calmly, follow local laws, and make my next move obvious to others.

2

Helmet Every Ride

PROTECT MYSELF.

Short ride or long ride, I wear a properly fitted helmet.

6

Stop and Get Help

DO THE RIGHT THING.

If there is a crash, injury, or danger, I stop and get help right away.

3

Pace Fits the Place

RIDE SMART, NOT FOR HYPE.

I choose a pace that fits the place, not the hype. I ride at a speed that is safe for the people, space, and conditions around me.

7

Extra Care Near Schools and Busy Areas

SLOW DOWN AND BE A GOOD NEIGHBOR.

I slow down near school entrances, sidewalks, crosswalks, bike racks, and other busy areas where people walk.

4

No Hype Riding

KEEP IT SAFE AND LEGAL.

I do not add passengers or change modes just to impress people. I follow local laws and my bike's design.

REAL WORDS

What You Can Say

"I wear a helmet
every time."

"Let's keep it safe
and legal."

"I'll slow down here."

"It's more fun when
everyone feels safe."

MY STANDARD:

I choose the ride people can trust.

Know Your Ride
Clear Rules. Safer Rides.
